Membership comes with a \$40 donation for a primary member. If you would like to have family (associate) members included, then add \$10 per associate member. Seniors (age 65+) and Student Memberships are a \$30 a year contribution. Associate Members get to participate in prize drawings and, if 18 or older, vote. The above mentioned contribution levels are the minimum... additional tax-deductible contributions are **greatly** appreciated. We feel and know membership is worth a more than the minimum contribution levels. We hope you find that true.
